

after the school, last summer, I worked for my formation at the CAF in pontedera. I only sided them and saw how fill out the form 730, the ISE form and the RED form. The deadline to present 730 is September 30th and the various documents that must be submitted are the identity card and health card, and And all CUD forms must also be submitted and finally if it was done you also need the declaration madelast year to be able to unlock the prefilled one. If we want we can also download expenses incurred for meds and medical examinations (in the receipts there must be printed the tax code of who comes to do 730), but the amount must exceed 119 € deductible.
